Three Candidates For GC Mayor as Deadline Passes

City Clerk Homer Pendleton will proceed immediately with arrangements for a Feb. 11 primary election in which Granite City voters will select two candidates for mayor to run in the April 1 city election.

The primary election came a certain following expiration of the withdrawal deadline in the mayor's race Saturday. Three candidates filed for the office since opening of the filing period on Dec. 23. None of them withdrew before Saturday's deadline.

Seeking the office are incumbent Mayor Donald Farney, Third Ward Alderman Clyde Boyd and Waldo E. "Ernie" Schellenger, a real estate broker.

An amended election law requires that a primary election for mayor only be held in communities where more than two candidates for the top office file nominating petitions. Candidates for other city offices are not subject to the primary requirement.

Pendleton said he will order printing of the primary ballots as soon as location of the city's polling places for the election are determined. Council members are to meet in special session Tuesday night to establish the precinct locations.

Meanwhile only one additional filing was reported in the regular city election in which a city clerk, city treasurer and eight alderman will be elected.

Alan LeMaster, 2307 Logan street, filed nominating petitions in the city clerk's office as a candidate for alderman of Ward Four. LeMaster is a former Granite City police officer.

Hearing Tuesday On Boundaries For Air Region

Quad-City area air pollution control representatives, including those of the Granite City air board, will attend a public meeting in St. Louis tomorrow to participate in discussion of boundaries for an air quality control region in the Illinois-Missouri metropolitan area.

The meeting will convene at 10 a.m. in the assembly room of the Soldiers Memorial and will be open to the public, although testimony will be limited to officials of state and municipal pollution authorities within the proposed region.

Suggested boundaries of the region now include Madison, St. Clair and Monroe counties in Illinois, and the City of St. Louis and St. Louis, St. Charles and Jefferson counties in Missouri.

May Submit Comments
While the public will not be permitted to testify at the hearing, written comments may be submitted to the National Air Pollution Control Administration which is sponsoring tomorrow's meeting. Such comments must be filed not later than Jan. 20.

The record of the hearing will be sent to the Department of Health, Education and Welfare in Washington which will make a final decision on the regional boundaries.

After boundaries are established, governors of the states in the region have 90 days in which to file a letter of intent assuring the adoption of satisfactory air quality standards. The states then have another 180 days in which to conduct hearings and adopt standards, with another 180 days to enforce them.

The two-state metropolitan area is the seventh region proposed in the United States for application of air control standards on a regional basis. Four already officially designated include Chicago, New York, Philadelphia and Washington, D. C.

Workers Return To Jobs At Dow

Company Reports Full Force Should Be Back In 'Matter of Days'

Steelworkers employed at the Dow Chemical plant of Dow Chemical Co. began returning to their jobs on an individual call-back basis this morning, and a company spokesman said the full force should be back to work "within a matter of days."

Preparation of new work schedules got under way immediately after members of USWA Local 4804 voted last Thursday afternoon to accept a company contract proposal and end a four and one-half month strike, the company said. First call-backs were ordered for this morning.

The spokesman said the company expects to be back in full production within a few days. Employees are being notified individually as to when they should report for work, he said.

A vote by a 70% majority of approximately 700 steelworkers attending Thursday's ratification meeting to accept the company contract offer ended a dispute that began Aug. 31 in a strike over seniority and job security phases of a new agreement.

The vote accepting the contract on a recommendation for approval by all members of the union's negotiating team, headed by George Becker, representative of the Granite City subsidiary of USWA, climaxed a meeting that lasted four hours. Some opposition to approval of the contract continued throughout the meeting. About 200 members voted against the proposal in the final voting.

The new three-year contract provides an 8-cent per hour cost package for the full three-year period, with 79 cents in wage raises, incremental increases, cost of living allowances and other economic factors. The remaining 10 cents is provided in improved insurance, pension and other fringe benefit items.

The basic salary increase amounts to 15 cents per hour for the first year and ten cents each in the second and third years. Cost of living increases amount to 5 cents per hour for each of the three years for a total of 15 cents. An increase of 5 cents per hour effective the first year also is applied to shift premiums which now amount to 15 cents for the first shift and ten cents in the total shift.

The total 76.9 cents in economic improvements provide raises totaling 31.9 cents the first year, 23.1 cents the second and 21.9 cents in the third.

Additional company payments to group insurance benefits amount to 5.1 cents the first year, .03 of a cent the second and .04 of a cent the third, for a total of 5.5 cents in the total package. Additional payments to monthly pension benefits are .04 of a cent for each of the three years, a total of 1.2 cents.

The contract also provides triple time for worked holidays and makes provision for an apprenticeship plan.

GC Council to Meet on Tuesday To Set Precincts

A special meeting of the Granite City council is scheduled for 8 p.m. tomorrow, called for the sole purpose of taking action on the resolution setting boundaries for new city voting precincts and designating polling places for the Feb. 11 mayor primary.

The special meeting was proposed during last week's regular council session when City Clerk Pendleton stressed the public nature of the list of polling places was necessary by Jan. 23.

New city voting precincts are required since the city changed ward boundaries extensively last November to comply with a court ruling for a cutback from eight to seven wards. A population of 50,000 is required for eight wards.

The department answered 1296 complaints during the month.

There were 17 property damage accidents, down one.

There were 160 accidents during the year, up 170. Four persons were killed, down four. A total of 581 persons was hurt in 405 personal injury accidents, up 10 and 25, and there were 1223 property damage accidents, up 149.

There were 119 traffic arrests during the month, down three, and 33 other arrests, down 94, for a total of 152 arrests, police chief.

Illinois U. Visitation Plan Subject of Forum

A pilot program of educational visits in university housing, to be instituted at the University of Illinois-Champaign-Urbana campus when the second semester opens on Feb. 6, will be the subject of a public discussion program, set for 7:30 p.m. Thursday in the all-purpose room of Coolidge junior high school.

The controversial room visitation plan will be discussed here by speakers representing both the U. of I. faculty and student body. The program has been arranged under the auspices of the Granite City VPA Area Council as a public service.

According to an official publication of the U. of I., Illinois residents have been writing to University officials about the room visitation experimental program since administrative

approval was announced early this year.

A majority of those writing oppose the proposal, with the administration answering letters by expressing faith in the ability of students to govern themselves, and stressing the fact that a person who opposed visitation in his unit of the University residence halls will be able to move to one that does not have it.

In addition, the University officials stress that the plan is being placed in effect "on a trial basis only, with continuance possible only after careful evaluation."

Under the plan, each housing unit will set its own hours for visits within the times of noon to midnight Monday through Thursday and noon to 1 a.m. Friday and Saturday. Co-educational visits will include about

15,000 undergraduate students in university operated or approved housing, fraternities and sororities.

Over-all guidelines established in the original proposal, which are included in each individual plan submitted by residence complexes, are:

Details of each living unit plan, together with any subsequent revisions or modifications, must be approved by at least two-thirds of the residents, voting in secret ballots, and must also be approved by the student housing group government acting with the advice of its dean.

Each plan must require that each guest be escorted to and from the lobby area by the resident host.

Each unit must arrange to notify a suitable authority (such as the counselor, head resident, or house director) within the

unit of the details of the plan. Each unit must establish a means for a appropriate authority to notify residents and guests at the end of visiting hours.

Hours in which visiting is permitted must be within the following time limits: Noon to midnight Sunday through Thursday, and noon to 1 a.m. on Friday and Saturday.

Residents receiving guests in their rooms will be held responsible for the behavior of their guests. Instances of alleged misconduct will be referred to the housing group judicial board and, when warranted, to a subcommittee of the Faculty Senate Committee on Student Discipline.

Mrs. Lucille Caban, Madison county chairman for the University of Illinois Mother's Association, and Ray Shaw, U. of I. Dad's Association representative, will attend the discussion program. A question and answer period will be held following the speakers, it was announced.

Miss Donna R. Rowekamp, Ronald Anderson are Wed

Concordia Lutheran Church was the scene of the wedding Saturday evening of Miss Donna Rogene Rowekamp and Airman First Class Ronald Charles Anderson.

The bride is a daughter of Mr. and Mrs. Chris Rowekamp, 1637 Venice avenue. Airman Anderson's parents are Mr. and Mrs. Irwin Anderson, 4016 Division street.

Lighted candles in hurricane lamps and white satin ribbons marked the pews down the aisle and arrangements of white gladioli, and candles in candelabra adorned the altar for the 7 o'clock ceremony performed by Rev. Arvin Twietmeyer.

The bride, escorted by her father, was attired in a gown of heavy white satin, the "A" line skirt falling into a lengthy train. The high neckline was heavily encrusted with seed pearls and a tiered shoulder-length veil of silk illusion was held in place with a crown of pearls.

The long tapered sleeves of the gown were also encrusted with pearls at the wrists. The bride's bouquet was an offside cascade of stephanotis and garlands of variegated ivy.

The attendants were Miss Chris Diane Rowekamp, a sis-

ter of the bride, as maid of honor, and Mrs. Claudette Baldrige, another sister, Miss Karen Duesker, a cousin, and Miss Linda Reiske, bridesmaids.

They were dressed alike in midnight blue velvet Empire gowns. Floor-length, they were styled with high necks trimmed with pleated ruching of velvet and long tapered sleeves with ruching at the wrists. Satin bows in the back fell to the floor, and all carried white fur muffs. Headpieces also were of white fur and attached were fingered veils of net to match the gowns.

The bride's mother wore pale rose wool and Mrs. Anderson, the bridegroom's mother, chose blue brocade. Both wore matching accessories and corsages of Sweetheart roses.

Larry Anderson was best man for his brother, and Robert Ganswind, a brother of the bride, William Anderson, the bridegroom's cousin, Louis Saucier, Dale Anderson, another brother of the groom, Randy Anderson, a cousin, and William Stearns served as groomsmen and ushers.

Warriors Set Sights on 1st Place After Scalping Wood River, Alton

Granite City is at least the second best team in the lower-packed Southwestern Conference and front-running Edwardsville can be beaten, the Warriors concluded after a successful weekend of basketball.

Having bowed earlier, to Edwardsville but owner of a victory over Collinsville, GCHS ran its league record to 5-1 by defeating Wood River 76-48 here Friday and then winning 65-35 over highly-regarded Alton in a road game Saturday.

Meanwhile, Edwardsville, 5-0 in the conference, was extended in edging Collinsville 48-46 Friday and then bowed to non-league Quincy 61-40 in overtime Saturday after a 37-37 deadlock in regulation time.

Closest contenders to the Tigers and Warriors are Alton (2-2) and Collinsville (2-2). East St. Louis is 1-3, Wood River 1-4 and Belleville West, 1-3.

Harris Has Hot Hand

Steve Harris starred at Alton, totaling 18 points and sinking 16 of them in the crucial fourth quarter, during which he was on target seven of seven times from the field.

It had looked bleak until then. GCHS was tied 12-12 after the first period and then trailed 31-23 at the half and 37-38 after the third quarter.

Pleased with the 13-6 and 29-18 spurges in the final two periods, Coach Donald Detering related, "We were awfully tight early in the game. Any time our best scorer misses the backboard on three shots, something is wrong. Another player was shooting too hard. But after the first half we settled down and played typical Granite City basketball."

Dave Melzer led with 19 points, Harris and Gary Simpson had 18 each, and Jeff Boyles and John VanBuskirk, five each.

Dominant Backboards

"We won because we dominated the boards in the second half. We finished with a 40-25 rebounding advantage, Melzer getting 15 and Harris 10, but in the first half Terry Burton of Alton made five field goals on tips alone."

GCHS hit 24 of 55 shots for 40% and used a deliberate style to advantage.

Alton started with a man-to-man defense but later changed to a half-court zone press. This gave us a chance to set up Melzer and Harris better, and

it helped more than hurt us," Detering said. "They left big gaps with this type of defense."

Nine steals by the Warriors added the third-period comeback.

30 Points By Simpson

Pointmakers against Wood River were Simpson 30, Melzer 16, Rich Hutchings 12, Harris eight, VanBuskirk six and Boyles and Larry Pirtle, two each.

Simpson hit eight of nine free throws and the Warriors used a somewhat faster pace. The Oilers won the first period 19-18 after a 7-3 Warrior lead but GCHS was in control 40-36 and 85-46 after the next two quarters.

Hutchings tied the score 22-22 on a foul shot and field goal and it was still tied 32-32 before GCHS moved in front.

Wood River failed to get closer than eight points from the lead in the fourth quarter. Both teams shot well, the Oilers being especially hot in the first half.

Venice Bows To Old Rival, Bunker Hill

Despite the fact that Venice lost to Bunker Hill 60-57 here Friday evening, Coach William Ohlendorf said, "With the exception of about six minutes we played one of our best games of the season."

"We out hustled them and almost dominated the game. What really hurt us is that they had a slightly better shooting percentage and made more of their free throws."

The Red Devils trailed throughout, 18-10, 32-28 and 50-43 at the quarters.

Late in the game Venice fell behind by 12 points but rallied and almost pulled out a victory. "Our defense suddenly started jelling and we forced them into a lot of mistakes," the coach noted.

The Red Devil coach remembers lost last minute and a half when the Red Devils held the Minutemen scoreless and almost sent the game into overtime.

"With seven seconds left we missed an easy layup and then turned around and missed the rebound shot right under the basket. We tried to force them, into fouling and giving us a three-point play, but it didn't work."

The two teams in the past often dueling for the MCM league title.

Scoring were Fessor Gray 13, Frederick Garding 13, Ronald Coleman seven, Marv Houtis six, Darryl Johnson four and Andrei Johnson, one.

THIS ACTUALLY HAPPENED!

One day an elderly couple walked into our office and inquired about a fine brick home we had listed. They said they had seen the property and were very much interested. I happily told them the price was \$17,500 and that the seller was anxious for a quick sale. They asked me if the property could be bought for less, and I told them I wouldn't be a good real estate man if I didn't present all legitimate offers to the seller. We agreed that they would try to purchase the property for \$17,000. The old gentleman reached into his pocket and from an old wallet counted out \$200.00 in small bills as his evidence of good faith in the transaction. A balance of \$16,800 would have been due when the sale was finished. I put the offer in contract form and went to the sellers. We all agreed that even though the offer did not bring them exactly what they wanted they accepted because they had purchased another home and wanted to get on with their plans. The next morning, I contacted the purchasers and they asked me to meet them in their attorney's office to close the sale. After the necessary papers were prepared we did so.

Mr. and Mrs. Smith, as we will call them, didn't own a car so I met them at their home. There was some delay before Mr. Smith appeared from the basement with a large brown grocery shopping bag. Once at the attorney's office, we all began counting bills of small denominations for several hours. After counting the money for the fourth time, it was apparent that we were \$200.00 short, as all that was there, was \$16,300 and we needed \$16,500 to close the sale. Mr. Smith frantically searched his pockets and his wife searched her purse.

There was a moment of silence as the attorney and myself looked at each other and Mr. Smith said, "Mom, I think I brought the wrong bag."

A quick trip back home to the basement brought in the rest of the money and the sale was made.

We could go on and on about the many incidents that make the real estate business so interesting. The next time you think about real estate please think about us. Maybe your transaction won't have the flavor of the cliff hanger we described, but when it comes to selling your property or finding a place for you to live, do call us. "It's in the bag."

Final plans for the event, the first Mass to be celebrated in a K. of C. hall in this region, were announced at a council meeting Thursday night by Michael Schuler, grand knight.

Authorization for the Mass in a public place (in addition to private homes) stems from modernization of church regulations made at the second Vatican Council. All area clergy are involved.

Two training phases are conducted under the leadership of John Becker, chief of the auxiliary police, with classes held from 7:30 to 8:30 p.m. on Tuesdays for 12 and 14-week periods in Civil Defense Headquarters. Schuler appointed James DeRuntz and Charles Bernick to obtain complete details and present a report at the Jan. 22 meeting.

Plans also were announced for a smorgasbord, open to the public, from noon to 6 p.m. Jan. 26. Tickets are available at \$2 for adults and \$1 for children, and carry-over orders will be available. On the committee are Petri, Gene Forsy, Donald Stanton, Robert Hennessey, John Tritschuh and Schuler. Proceeds will be used to help finance council charities.

Jacobsmeier Named To County Position

Circuit Clerk Willard Portell announced Thursday afternoon at Edwardsville the appointment of Ollie Jacobsmeier of Granite City as head of the criminal bonding and the mental health and juvenile departments of the circuit clerk's office.

Jacobsmeier, a lifelong resident of Granite City, succeeds George Ramach of Edwardsville, who was promoted recently to manager of the clerk's office. Portell, in announcing the appointment, said, "Jacobsmeier's ability to work with people will be an asset to the office." Jacobsmeier, who formerly operated a family tavern here, also worked eight years at the Granite City Trust & Savings Bank. He attended local schools, the SIU Bankers Schools and the American Institute of Banking.

He is a world war II veteran, a member of Tri-City American Legion Post 113, VFW Post 1300, Masonic Lodge 2232, Scottish Rite Bodies and Almad Temple. He is a member of St. John United Church of Christ and is a past president of the church council. He is also a past president of the Protestant Welfare Agency board.

Marine 2nd Lt. Michael R. McCarty, a son of Mrs. John McCarty, 2101 Glen drive, is serving with the First Marine Division in the Republic of Vietnam.

As a member of the division, he helps capture or destroy enemy forces. During large and small scale operations he is supported by Marine units, tanks, artillery, amphibious tractors and engineers. His unit also is engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of roads, bridges, small bridges and schools.

Mayor Candidate Pledges 'Harmony in City Hall'

Waldo E. "Ernie" Schellenger, Granite City real estate broker seeking nomination as a candidate for mayor in the Feb. 11 majority primary, pledged himself today to a program of "city hall harmony" if nominated and elected in the approaching municipal elections.

In a prepared statement, Schellenger said: "It is easy for a candidate to predict a victory for himself, but if he can not back up his prediction with logical reasoning he will be unable to convince the voting public that he can win."

"I believe that when the voters of Granite City review the history of our city politics and the results of past elections since 1961 they will agree that I have an excellent chance for a victory on Feb. 11."

"For example, in the 1961 majority election a great number of precinct committee members and voters banded together with other groups to support the candidacy of Pat Rich. It was not successful in that race."

Defeated Again
"The same group banded together in 1965 to back Von Dee Cruse for mayor. Once again the organization and its candidate met defeat. In the November 1968 general election candidate Leonard Dugan and Leon Scroggins depended on this group to help elect them and as a result were also defeated."

"I believe that there are a sufficient number of a particular class of people in Granite City who understand the true meaning of harmony and who will support my candidacy."

"I believe that there are a sufficient number of a particular class of people in Granite City who understand the true meaning of harmony and who will support my candidacy."

is whether or not Donald Partney can be re-elected.

"I would assume that those people who feel that he has done a good job will vote for him. However, I feel that the majority of our citizens feel that he has not been a capable mayor and will go to the polls to vote against him."

"One of Donald Partney's problems is that he has been very successful in losing the majority of support of those who voted with him during the first few months of his administration, have crossed over to the other side and now vote an almost solid block of votes against him in the weekly council meetings."

Don't Have Time
"This loss of an organization means that Mayor Partney must completely rebuild a group if he hopes to be successful in his bid for re-election. I do not feel that he has the time or the necessary available people to build such an organization in such a short time."

"Since Clyde Boyd and Donald Partney have played major roles in the mass confusion and complete bedlam that now exist in our weekly council meetings, I feel that they have little to offer those who demand harmony in our city council. If they are successful, it would surely mean a continuation of the weekly fights."

"I believe that there are a sufficient number of a particular class of people in Granite City who understand the true meaning of harmony and who will support my candidacy."

Mayor Partney Opens Campaign Headquarters

Mayor Partney opened his headquarters Friday at 1308 Niedringhaus avenue. The mayor said he is seeking re-election on the basis of accomplishments during his last four years in office.

At a meeting last week at the campaign headquarters with a group of supporters, Mayor Partney stated, "I love Granite City, its people. I want to see it continue to progress and become a greater area in which to live. More has been accomplished in the last four years than in any four year period I can recall. Granite City must progress or decay; we must continue to move forward."

"Before taking office as mayor, a pledge was made to the citizens of Granite that we would have an honest administration. We have kept this pledge. Granite is now, and will continue to be, clean as long as I am the mayor. Millions of Federal dollars have been poured into Granite for the betterment of our city. To my knowledge, not one cent of federal or local tax money has been used other than for its intended purpose."

"I considered carefully whether to run for re-election. After consulting numerous civic, business and labor leaders, as well as certain political leaders and friends, it was decided that we would make the campaign."

"So, if my many friends who helped before and the people who feel I delivered as promised, will come to our headquarters and do their part for our city again, then I'll be re-elected."

"After all, it is never a personal victory for a Mayor, for in the long run it's the people who really win—or lose. Please come see us at headquarters; you're all invited."

Tenant Trips on Wire, Files Suit for \$20,000

A suit for \$20,000 was filed for Mrs. Ruth Ann Coad against Marjorie Ferris last week in Madison county circuit court at Edwardsville.

According to the complaint, Mrs. Coad, who was a tenant in the Ferris apartment at 1638-40 Delmar avenue, tripped on a wire fence on a sidewalk adjacent to the house, fell and was hurt on Jan. 15, 1967, causing injuries and a miscarriage. The fence had been placed around a flower bed in the yard.

Mrs. Coad alleged that she was not permitted by her landlord to walk on the yard.

She referred to an impressive array of statistics that show 6.5 million alcoholics in the nation, with about 2.5 million of these in the country's labor forces. Losses to business and industry due to absenteeism, inefficiency and poor workmanship directly traceable to alcoholism amount to more than 1 billion dollars a year.

More than \$30 million per year is spent for care of alcoholics in mental hospitals and \$25 million more for their care in penal institutions.

Unpaid Property Taxes Too Costly to Collect

Most township tax collectors and the county collector are doing everything economically feasible to collect personal property taxes, but despite their efforts, many bills remain uncollected and are lost, Gilbert W. Killinger, chairman of the taxation committee of the Madison county board of supervisors, reported at a committee meeting Friday morning in Edwardsville.

Since most of the bills are of small amounts, the cost of invoking all of the provisions provided by law for such collections could well be so great that the returns would not justify the expense involved, he said.

It was the committee's opinion that about 10% of the people should not ride free and let the other 90% foot the bill, particularly since the non-payers require and demand as good a service from the township as the taxpayers.

The real estate tax collection program adopted by the county in 1967 has demonstrated that

forcing the payment of delinquencies has a healthy effect on regular collections, creates an atmosphere of willingness to pay promptly and tends to eliminate the necessity to force collection, Killinger said, and the collection of taxes on real estate is no longer a problem in the county.

But the means of collecting delinquent personal property taxes are not that simple, nor are the penalties sufficient to defray the costs of collection, he added.

The committee favors the appointment of an experienced private agency to undertake collection of personal property tax bills which otherwise would be abandoned, at no expense to any taxing body other than a percentage of the money so collected, Killinger said.

The committee has asked each taxing body in the county to authorize adoption of the plan, but Killinger said the committee is willing to consider any other plan that promises to get the job done.

Muny Opera Tickets May Be Ordered Now

Although summer seems far away at the present time, Granite City Park Band, Harold Brown said this week that it is not too early to make plans to attend the St. Louis Municipal Opera's 1969 summertime presentations.

The Muny Opera's 51st season will get under way in early June with a production of "State Fair." Among ten shows to be staged this year is the "Royal Ballet" the park official said.

Brown reported the park district received the advance program information from Muny Opera authorities, who also requested the number of tickets required by the park district for the coming season.

"We have ordered 45 season tickets each year of the program. However, if more local residents are interested in attending we can increase this number, if we know by Feb. 3," Brown commented.

Prospective theatre patrons are invited to call the Wilson Park office, at 877-3069, to make season ticket reservations. A complete list of 1969 shows will be announced when confirmed by Muny Opera officials, Brown added.

Parents Group to Hear Annual Band Tour Plans

The next performance by the Granite City high school band on Thursday, Jan. 23, and plans for the annual out-of-state band tour will be topics of discussion at 8 p.m. tomorrow at the Granite City Band Parents Association meeting in the school band room.

Herbert Parker, association president, today issued invitations to all parents of band students to attend Tuesday's meeting and participate in preliminary planning for the annual spring tour.

10 reasons why Mrs. George Crandall likes electric heat

For most occasions, Mrs. Crandall adores pretty shoes. But when relaxing at home, she's a barefoot girl by preference. That's why she loves electric heat. Those radiant baseboard panels understand the barefoot crowd. At the touch of a thermostat they surround you with gentle, uniform, floor-to-ceiling warmth.

In each room, you select the kind of warmth you prefer: a "just right" temperature for the kitchen, the bath, the bedrooms. And one for a special niche in the living room with a good book, a bowl of apples—and bare feet.

Clean, quiet, efficient electric heat is coming on strong with Illinois Power customers, even those addicted to shoes. For the straight facts, call our office.

Mitchell Students Hold Sandburg 'Penny Parade'

To commemorate the birthday of eminent Illinois poet Carl Sandburg, who lived from Jan. 6, 1878, to July 22, 1967, students at Mitchell school participated in a "Penny Parade" during classes on Friday.

Pupils made voluntary contributions of pennies to be sent to the maintenance fund for Sandburg's birthplace, his home at 331 East Third street, Galesburg, which was restored in 1946.

The parade of pennies idea came from Sandburg's first writing on Abraham Lincoln, an essay entitled "Lincoln on Pennies," in which he praised the value of pennies.

Receptacles for the contributions, made in the shape of houses were constructed by Walter Wisniewski's fifth grade class.
